

SURREY COUNTY ATHLETIC NEWS

(Issue 34 - February 2003)

Reading the letters columns of Athletics Weekly suggests that communication within our sport is not all that it should be! Club Secretaries receive information from many sources and it appears that the volume is such that it is difficult to “separate the wheat from the chaff”. As a result, dissemination of information does not necessarily follow the path intended by the original author. SCAN and the associated web site (www.surreyathletics.org.uk) attempts to bridge the gap by communicating to those interested in Surrey athletics who otherwise are not “in the information loop”. In particular, the athletes, many of whom are part of a generation unfamiliar with the world of committees, often have regular access to the internet. To confirm the importance of this medium there is on page 11 an article showing how the number of information pages read on the SCAA web site is continuing to increase.

As Communications Officer for SCAA I sit in the middle of the process. I receive information from the information providers and I then publish it with the intention that it should be available to those who need it. I would request that you consult with your colleagues and let me know how successful this process is and make suggestions for any improvements that you think appropriate.

Elsbeth Linford, the new South East RDC, is pursuing her own form of communication. On 24 February 2003 at the Surrey Sports Development Unit she will be holding discussions with club representatives starting at 7.00 pm. If you wish to be involved then please contact your club secretary.

COACHING

Renewal of coaching licences 2003

All coaches on the UK Athletics database will have their licences renewed automatically prior to April 2003 provided that they have agreed to a police check - should it be required - at some point in the future. The letter sent out to coaches in Summer 2002 should have been returned giving this permission. Any coach with doubts on this important issue should contact UK Athletics as soon as possible as their licence and their insurance are in jeopardy.

Renewal of coaching licences for 2003 to 2005

In the next two years ALL coaches will need to go through a process of renewing their licence(s).

Coaches do not have to go up a level to renew their licence(s).

Coaching courses organised by uk athletics

Event days are to be held at the Thames Valley Athletic Centre, Eton as follows:

Speed	5 April 2003	Throws	6 April 2003
Jumps	5 April 2003	Endurance	6 April 2003
CiA	5 April 2003		

Closing date for applications is 25 March 2003.

ACTIVE SPORT UPDATE

Surrey

The Surrey Active Sports Partnership has changed its name to '*Surrey Active*'.

Sport England with a start date of October 2002 has approved the five-year plan devised by the 'Athletics Action Group'. Some activities are already under way.

Ten coaches have been inducted into the Active Sport Athletics programme and are ready to take part in organised activities.

Several Local Authorities have after school or Saturday programmes in the advanced stages of planning with Surrey Heath in the lead with Saturday sessions between 10 and 11.30 at Tomlinscote School starting on the 25 January. Support for these coaching sessions from clubs and club coaches is important as it is hoped that new keen talents will be interested in joining the club to continue in athletics.

Elsbeth Linford , the new RDC for the South East Region, will be contacting clubs to give them a more detailed briefing on Active Sport and what is happening in their area.

The post of Active Sport Development Officer is still to be filled. Following a review the proposed part time hours are increased to eighteen hours per week and there is an improved salary package. Adverts should go out in mid February and the details will be available on the Surrey Athletics web site.

Further information on 'Active Sport' in rural Surrey can be obtained from Sarah White or Sarah Williams at the Surrey Sports Development Unit (Tel: 01483 532614) and Elspeth Linford on 01403 259583.

London

The 'London Active Sports Partnership' is in the process of incorporation. When this process is completed the Partnership will be able to return to full operations and recommence the Athletics Active Sport process. Hopefully this will be in the very near future. It is probable that the partnership will be centred on the South Bank University.

The good news is that the plan for London was submitted and has been approved.

The SCAA web site continues to provide users with access to latest information about Surrey athletics. It is regularly updated with results and news items. In the February 2002 edition of SCAN a graph was displayed showing the actual number of pages read for the period May 2001 to January 2002. The graph below shows the number of pages read per month for each month of 2002. The figures have been “normalised” so that each month is reported on a comparative basis. The process of normalisation is achieved by dividing the number of pages by the number of days in the month and multiplying the result by 30. This explains why in last year’s graph January 2002 was reported as 8423 whereas the figure below for the same month is 8151 (= 8423 / 31 x 30). The value for January 2003 for the first 21 days is 13,324 which reflects the desire to read the full results of our Cross Country championships which were added on the Sunday evening.

INDOOR ATHLETICS
