

SURREY COUNTY ATHLETIC NEWS

(Issue 43a - May 2005)

Surrey County AA held its AGM recently and elected Rachel Disley as its President for the current year. It is the first time since the Association was formed in 1990 that the President has been an athlete who is still competing for the Surrey Senior team in Inter-County events as Rachel did at the CAU Cross Country in March (see page 7 for details). In recent years Rachel has also been an assistant team manager for the County.

Geoff Moulden

We were very sad to hear of the passing of Geoff Moulden at the age of 75 in February..

Geoff was an early member of the former Wimbledon Athletic Club which was formed in 1952 and was a founder member of Hercules Wimbledon Athletic Club in 1967 serving as its president a few years later. He was also a past president of Surrey County and for many years served as their junior men's track and field team manager with his wife Claire, also a member of both clubs, given the task of washing endless county vests after each match.

From the club's perspective, Geoff will probably best be remembered for launching the Wimbledon open 10 miles road race in 1961. It is still going strong some 44 years later and he was involved in helping at the race each year except on one occasion when it clashed with his daughter, Sarah's, wedding.

Many people knew he was a qualified track judge but, perhaps less well known was that he was a qualified starter, timekeeper, track judge and coach.

He moved to the Wimbledon area in the early 1950's from Aldershot where he had helped establish an athletic club at Farnham that subsequently merged to form Aldershot, Farnham and District Athletic Club. When he arrived at Wimbledon, he had planned to join Belgrave but on calling the AAA, which was then based in London, they requested that he joined the newly formed Wimbledon Club where he became a pivotal figure as club captain, along with the then vice-captain Terry Elmer and chairman Tommy Robertson in driving the new club forward.

A report in the Merton and Morden Borough News in May 1960 stated:"Geoff will try his hand at anything, either on the track or field but he is a triple jumper and sprinter." Claire was also a member of the Wimbledon club. He acted as clerk of the course at a representative match in May 1961 to mark the opening of the new stand at Wimbledon Park track.

While Wimbledon Athletic Club committee meetings were held at a room in the now demolished South Western pub opposite Wimbledon Station, early committee meetings of the newly formed Hercules Wimbledon club were held in the Moulden house in Lambton Road into which they had moved a year or so earlier, and while Geoff and Claire always offered a warm welcome, visitors were always forced to negotiate their way past their latest dog!

Apart from his passion for athletics, Geoff was also a keen model train enthusiast and philatelist and was a member of both the Wimbledon Model Railway and Philatelist clubs. He also served as a magistrate on the Wimbledon bench for more than 20 years and was also a trustee of the London Coaching Foundation.

He met Claire while working for the former London County Council at County Hall, Westminster, and they married in November 1954. He then moved to the City Corporation working in their planning department, becoming something of an expert on their cemeteries.

He later switched to become involved in sport and leisure promotion in the square mile and for many years was the City's representative on the London Marathon organising committee from its inception in 1981. He also ran a feeding station at the 23rd mile and formed a 23rd

mile running club from City Corporation employees who ran in the marathon or operated the station designing special T-shirts for club members.

COUNTY CHAMPIONSHIPS

Are you aware that results of previous Surrey County Track & Field Championships are available on the SCAA web site (www.surreyathletics.org.uk)? The information is held in a database which means that you can choose which results to display. Among the options available are results for (a) one year, (b) one event, (c) one club, (d) one age group and various combinations of these; or you could choose one athlete and display all their performances. If you choose the athlete search then, where applicable, you will see their achievements in Olympic Games, World & European Championships and Commonwealth Games as well.

In order that each athlete can be identified separately they are given a unique key which incorporates their date of birth. Therefore searches can not be made for athletes who have not disclosed their date of birth. If you select results by any of the criteria (a) - (d) above then where the results contain athletes who have a unique key then those athletes names will have a link (shown in blue with an underline) to that athlete's performance list.

At present data is held for all the Track & Field Championships (Indoors and Outdoors excluding Veterans) for Men going back to 1987 and for Women going back to 1991. Data for the International Championships covers all years that they have been held. You can appreciate that a large amount of data is involved and its preparation can be quite lengthy. To date the database has just under 25,000 entries - each entry contains the performance of one athlete in an event (heat or final).

If you would like to contribute to the project by volunteering to codify the results for one year (the results can be formatted using a standard PC spreadsheet) then please let the Editor know and he will provide you with the specification and a manuscript copy of the results to be transcribed.

To view the database select *Track & Field* followed by *County Champs DB*.
